DCID 1/14 Change:

Security Violations:

"21. Individuals who have knowingly and wilfully disclosed specific classified information to any person who is not officially authorized access to such information, may be considered, pursuant to an overall commonsense evaluation based on all available information, ineligible for SCI access. A determination of ineligibility for individuals who presently hold SCI access shall result in immediate debriefing and termination of their access for cause. Any such termination shall be made a matter of record in the Community-wide, Computer-assisted, Compartmentation Control System."

Annex A Add:

"Individuals responsible for unauthorized disclosure of specific classified information may be denied initial or continued SCI access."
